Why OAA?

Team building games are a great tool for helping your pupils learn to work together, listen carefully, communicate clearly and think creatively. They also give your pupils the chance to get to know each other, build trust as a class and develop vital life skills.

Top tips for teaching Team Building:

- Encourage your class to think independently whilst working collaboratively.
- Mix up who the children work with. Working with children whom they have different relationships with allows them to develop a new set of social skills.
- Build on the learning in the lessons by identifying when these positive behaviours are used in different situations throughout the school day.
