

Artists

Chauvet Cave was discovered in 1994 in South East France. It is thought to be one of the most important prehistoric art sites and contains some of the best preserved figurative cave paintings.

Charcoal and earth pigment were humans first drawing tools. Cave paintings were a form of communication that contained animals, figures, symbols and handprints.

Key Vocabulary

Pigment	A powder that when mixed with a liquid creates a colour.
Stencil	A tool that helps you apply a design or image onto a surface.
Natural Tones	Colours that occur in nature.

Tools

Charcoal
