

Artists/Cultures

The Anglo-Saxons came to England after the Romans left in the year 410. We know how the Anglo-Saxons lived because archaeologists have found old settlements and excavated artefacts like belt buckles, bowls and swords. The Anglo-saxons were multi-talented and created colourful metalwork, jewellery and tapestries with intricate patterns. Carving of stones and crosses were often done next to churches as a symbol of worship. Their art was a form of cultural expression.
